homeSELECT™
Advantages
Decorator Products

Smart Style, Good Looks.

homeSELECT™ Decorator Switches and Receptacles provide more than solid, dependable function alone.
Indeed, they are fashion statements, masterfully complementing the look and feel of any room in any home.

A PERFECT MATCH
homeSELECT™ decorator devices and
wallplates blend in beautifully with all
kinds of wall coverings.

EASY-ACTIVATE ROCKERS
Ideal for use in assisted-living
environments—or any
living environment.

FLUSH AND CONTEMPORARY
Sleek, smart and appealing,
homeSELECT™ devices add beautiful,
fashionable, highly-styled devices
to any home.

MINI-ROCKER SWITCHES
Take up less space and provide
full function.

SNAP-ON WALLPLATES
Snap-on wallplates offer a
clean, elegant look that
can be installed in seconds.

homeSELECT™
Single-Pole and Three-Way Quiet Rocker Switches
Decorator Products

Decorator switches are the perfect finishing touch to complement any interior. Available in a wide variety of colors to match any decor.
• Smooth, quiet rocker.
• Self-grounding feature is standard.

• Ultrasonically welded cover and base provides maximum strength.
• Operating temperature: -20°C to 60°C.
• UL Listed E3896, CSA Certified.

homeSELECT™
Tamper-Resistant Advantages
Decorator Products

Because Safety Always Comes First.
homeSELECT™ Tamper-Resistant Receptacles are designed to keep children safe, because they keep objects like prying fingers, safety pins and keys out.
THE ULTIMATE PROOF IS CHILD-RESISTANT
Specially-designed shutters allow entry when a 2- or 3-bladed plug is inserted. The result is a receptacle that is tamper-resistant and always on the job.

SAFETY IN ACTION
Spring-loaded shutters lock out a single object, effectively blocking entry to the contacts.

The NEC
- 406.11 Tamper-Resistant Receptacles in Dwelling Units.
  – In all areas specified in 210.52, all 125 volt, 15 and 20 ampere receptacles shall be listed tamper-resistant receptacles.
- 517.18 General Care Areas.
  – (C) Pediatric locations. Receptacles located within the rooms, bathrooms, playrooms, activity rooms, and patient care areas of pediatric wards shall be listed tamper-resistant or shall employ a listed tamper-resistant cover.

homeSELECT™
# Duplex Quick Thread Receptacles
Switches and Receptacles

Quick And Easy Does It.
homeSELECT™ exclusive "Quick Thread" makes installation of wallplates and receptacles quicker and easier.

ONE PUSH FOR A SNUG FIT

Just push in the screw and turn.

Elongated strap with continuous plaster ears to secure device.

New face design provides smooth appearance to complement interiors and the convenience of finder grooves.

Multiple-drive Slot/Phillips/Robertson head screws.

Push wire "sure hold" termination for extra holding power.

Tough thermoplastic ultrasonically welded cover and base.

HOW "QUICK THREAD" WORKS

A stainless steel spring grabs the threads and locks the screw in place. "Quick Thread" works with any wallplate screw.

Just push the screw in with a screwdriver.

Self Test GFCI Receptacles
Switches and Receptacles

Safety, Plus More.
The only GFCI receptacle that tests itself. Every 60 seconds the device performs a diagnostic test on its circuitry, offering a comprehensive approach to testing. Reverse wire safety feature assures unit cannot be reset under a reversed wiring condition. Meets UL943 performance requirements.

Rating
4 to 6 mA.
.025 sec. nominal

UL943 for GFCIs
UL File E41978, CSA Certified
Meets all NEC® & CEC requirements

10ka Short Circuit Current Rating

UL Listed and CSA Certified.

Power Indicator
Steady ON green LED indicates power supplied to device.

No power to face when reverse wired, meets UL 943 requirement.

High impact chemical resistant nylon housing.

GFCI Indicator
Flashing red LED signals loss of GFCI protection.

Steady ON red LED signals ground fault condition.

10,000 Amp short circuit withstand rating.

Vacancy Sensors
Lighting Controls

California Title 24 Compliant Sensors.
Vacancy sensor switches are specifically designed for California Title 24 compliance. When a person enters an area, the manual switch must be pressed to turn on the light. The device turns lights off when motion ceases.

- Passive infrared sensing technology.
- Patent pending "alert to off" feature dims lights prior to off. If motion is sensed within 30 seconds, the RMS 100 & 120 units return to full brightness.
- Sensor remains on with motion.
- LED motion indicator.
- 6 inch wire lead terminations.

Floor Boxes For Wood Floors
Power Delivery

homeSELECT™ Wood Floor Boxes allow for the placement of electrical power or a combination of power and voice/data devices. Boxes easily mount into the floor and are height adjustable (up to ¾ inch) for optimal alignment and fit. UL Listed E31999 and CSA Certified.

Removable neoprene gaskets allow for independent use of either side of the receptacle with the cover closed.

Pre-assembled flange and cover for fast installation.

Top screw fastening and side joist mounting provided.

Back and side knockouts for proper wiring access.

Recessed receptacle minimizes plug protrusion, allowing furniture to be located over the plug.

Low voltage divider optional, provides for power and voice/data in a compact space.

Height accessible adjustments after the box is mounted.

Template cutout provided with instructions for proper installation.

homeSELECT™
Floor Boxes For Concrete Floors
Power Delivery

homeSELECT™ Round Non-Metallic Floor Box offers an economical solution for electrical power or a combination of power and voice/data applications. Designed specifically for slab-on-grade installation. Quick and easy installation is assured using a push in place leveling system. UL Listed E92074.

Removable neoprene gaskets allow for independent use of either side of the receptacle with the cover closed.

Pre-assembled flange, cover and leveling ring for quick installation.

Recessed receptacle minimizes plug protrusion, allowing furniture to be located over the plug.

Cut box after pour for height adjustment.

Apply PVC glue to the leveling ring and simply push into place, hold and wait 10 seconds, automatically levels the cover to the floor.

Parallel PVC hubs for 1.0 inch and ¾ inch conduit.

homeSELECT™
Floor Boxes For Concrete Floors
Power Delivery

After the box has been secured in concrete, cut for height, apply PVC glue and push the cover assembly into the box. No fasteners or adjustment screws required.

• 4 inch minimum concrete pour.
• Recessed GFCI/Decorator opening.
• Self height and leveling ring, no adjustments.
• UL Listed E92074 Floor Box.

homeSELECT™
Under Cabinet/Counter Power Distribution
Power Delivery

Make The Most Of A Perfect Location.

Install receptacles and voice/data devices exactly where they are needed.

UNDER CABINET POWER DISTRIBUTION HAS NEVER BEEN SO CONVENIENT

homeSELECT™ Slim Fit and GFCI Fit Surface Boxes enable receptacles and voice/data products to be surface mounted exactly where they are needed. Similar to under cabinet lighting products, these surface boxes provide a precise fit—horizontally or vertically.

UNDER COUNTER POWER DISTRIBUTION

Use the new JLOAD™ Multimedia Outlet, specifically designed to provide power, Category 5e and coaxial. Perfect for under cabinet TV, DVD and security systems. Enables multiple service in a small area.

KEEP KITCHENS BEAUTIFUL

Don't compromise the decorative look of a granite backsplash or designer tiling. Instead of placing receptacles in the wall, hide them beneath cabinets and counters.

homeSELECT™
# Under Cabinet/Counter Power Distribution
Power Delivery

homeSELECT™ Under Cabinet/Counter Boxes provide a convenient, out-of-sight way to distribute power and voice/data. These boxes comply with the NEC® for kitchen receptacles, with placement not more than 20 inches above the counter surface. They can also be placed under counter islands, not lower than 15 inches from the surface.

- Available with nylon or metal cover.
- Custom configurable, accepts any decorator style device.
- Mounting hardware included.
- UL Listed E31999 and CSA Certified under cabinet boxes.

netSELECT™
HDMI Products
Data Communications and Audio Video

netSELECT™ HDMI Decorator Frames deliver uncompromising digital audio and video wherever you need it. Unleash the full potential of your high definition display and audio installations.

• Third party tested for 1080p resolutions.
• UL Listed - Communications Circuit Accessory and CSA Certified.

Thumbscrew prevents accidental disconnection only when used with Hubbell's HDMI patch cords.

Connector sized to fit 1.0 inch conduit.

High impact thermoplastic frame.

4.0 inch flexible extension reduces bend radius issues in confined spaces.

netSELECT™
Advantages and Wiring Layout
Structured Wiring

- Share single analog, cable or DSL internet connection.
- Local file access.
- Shared peripherals.
- Multiple telephone distribution.

- Call handling (PBX).
- Video distribution.
- Play games that allow multi-users.
- Control home automation systems.

Connect Your Home to Internet, Voice And Video Services.

netSELECT™ is an innovative network solution that's perfect for any home or small office. Specifically positioned as the voice/data segment for the homeSELECT™ brand, the netSELECT™ System satisfies the need for a dependable, flexible system that can accommodate all of today's fast-changing voice, data and video requirements. This cost-effective solution incorporates all the quality you'd expect from Hubbell. Built-in flexibility makes it easy to upgrade and keep pace with evolving technologies.

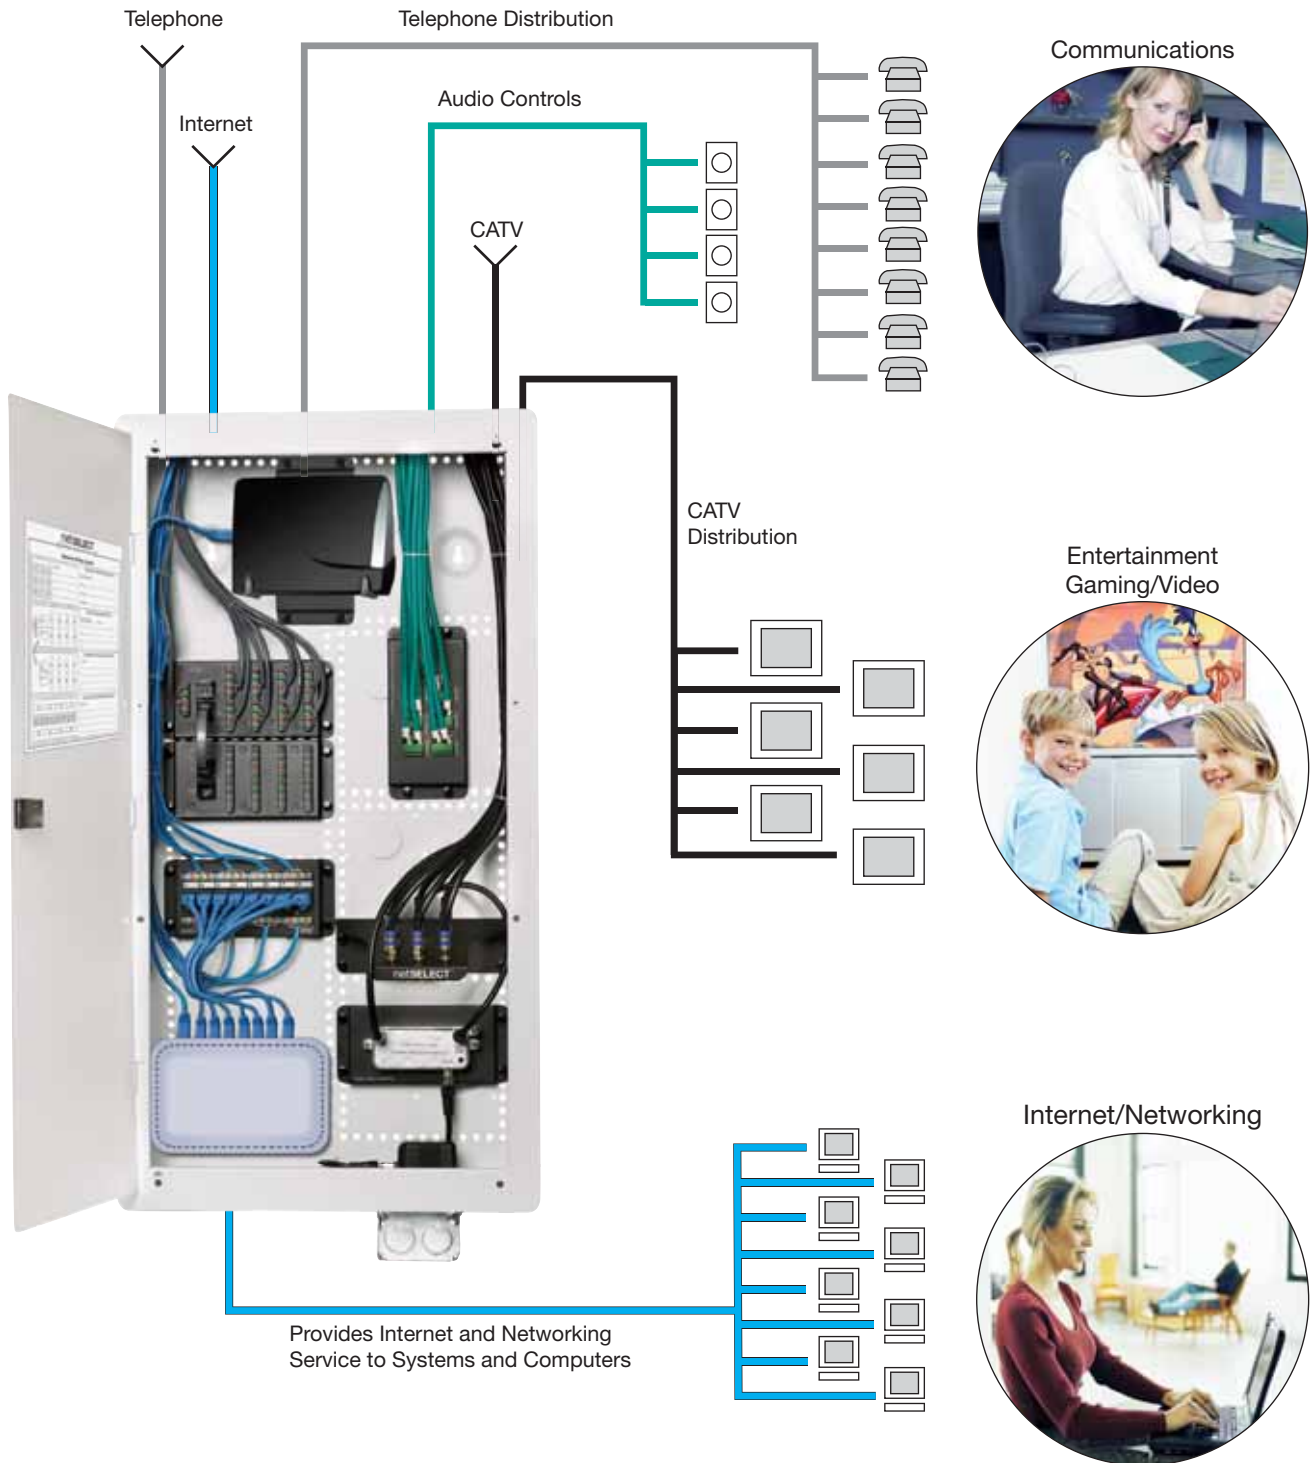

Easy for Installers

An easy-to-hang cabinet featuring surface or recess mounts between 16-inch studs on center, 2 x 4 inch minimum. netSELECT™ Modular Components snap into the box horizontally or vertically, optimizing space. A blank module provides flexibility for installers to use their own choice of manufacturer's active components. Also included: A reversible and lockable hinged door, ample cable entrance locations and a complete offering of jacks, plates and other work station accessories.

Easy for Users

Built in flexibility to upgrade and keep pace with evolving technologies. An easy-to-read label helps you to keep track of the system's infrastructure. The white powder coat finish provides a clean, durable chassis to house all components.
