### Features and Benefits

- Positive stops on housing side walls prevent enclosure from falling through studs during installation.
- One piece white steel unit hold full and half width expansion modules.
- Mounting guides on cover align screw-holes and reduce the chances of dropping during attachment.
- Powder-coated white cover features a 3/4 Inch overlap to hide irregular drywall cuts.
- Multiple knock-outs on top and bottom including two new 2 Inch knock-outs on top, facilitate cable entry and routing.
- Cut-out in base of enclosure for mounting single gang J-Box kit.

• Six 3 Inch square self-healing foam grommets accommodate cable bundles.

*\*Buy American Compliant Logo -- The American Recovery And Reinvestment Act of 2009 ("ARRA") provides federal grants and loans for projects throughout the country. Section 1605 of the Act, named the "Buy American" provision, requires that certain materials and manufactured products used in projects funded by the Act be manufactured in the United States. The appearance of the Recovery Act Logo in relation to a Leviton product is only intended to reflect that such product may be used in an ARRA funded project. It does not mean that such product or Leviton is sponsored or endorsed by, or that Leviton receives funds from, the federal government or the Recovery Accountability and Transparency Board. Nothing in Leviton's use of the logo is intended to suggest anything regarding the requirements for funding under ARRA.*
