Gladius Smart

15" Fan-less Touch POS Terminal
with Various I/O Options

Gladius Smart is a fan-less, aluminum POS terminal with Intel®Atom™ D525 1.8GHz Dual-Cores processor. With a thoughtful modularized integration concept, Gladius Smart can be transformed into various kinds of POS operations by detaching the all-in-one display and combining it with various kits such as a wall-mount version with integrated scanner or a countertop version with integrated printer. Additionally, Gladius Smart features easy accessed HDD for simple maintenance as well as a eco-friendly design.

Features

Flexible I/O Connectivity for Various Peripherals
With two I/O panels (1 Standard, 2nd Optional),there are at least 5 options of Interchangeable extended I/O panels that can be selected and replaced by system integrators.

Hidden Power Adapter in Stand for Space Saving
The aluminum stand can not only store the power adaptor under its base, but also provides cable management for connected peripherals.

Many Modularized Integrations
Offerings include various physical and functional integrations such as a wall-mount version integrated with a scanner or a countertop version integrated with a printer.

### One-step Quick HDD Replacement Mechanism
HDD can be directly accessed and replaced without removing the cabling, reducing the maintenance time and costs.

Built-in Customer Display for Cost Saving
Customer display is integrated on the console eliminating the need to purchase a pole display.
